

Public Statement

New Zealand Terror Attack 03/09/2021

It is with heavy hearts that we receive the news of the horrific terror attack in Auckland today.

We stand with the wonderful people of New Zealand in condemning this deplorable act of violence.

A delegation from our foundation visited victims of the 2019 terror attack in Christchurch and witnessed first-hand the needless pain and suffering terror inflicts on those it touches.

We stand in solidarity with the victims of this heinous attack. Our thoughts are with all those affected by this needless tragedy.

Our Foundation will continue to do all that it can promote peace and harmony among all communities and continue to deplore all such violent acts designed to create fear and division.

Yours faithfully
